December 9, 2014

May Jadallah
Assistant Professor
School of Teaching and Learning
Degarmo Hall, 215

Dear May,

This letter is to recognize your service as a mentor for the Design, Align, Refine, Teach Online (DART) blended workshop program during the Spring 2014 semester.

We know this professional development service required significant effort on your part and appreciate how your generous sharing of time, ideas and strategies contributed to the learning and scholarship of your colleagues in the cohort. Thanks in particular for your enthusiastic support, encouragement and leadership for our growing online learning community.

We appreciate your commitment to quality education and have enjoyed working with you and exploring the complex and challenging world of online course design and online learning.

Best wishes,

A handwritten signature in cursive script that reads "Linda Summers".

Linda Summers
Coordinator of Blended and Online Learning
